Summer EBT for Children

Families with Children Receiving Free and Reduced School Meals Will Receive **Free Food this Summer!**

Dear Parent or Guardian:

The Chickasaw Nation Nutrition Services is excited to bring you the Summer EBT for Children program! This federally funded program is available to all races; you do not have to be Native American to qualify. Qualifying families will receive benefits on an EBT card (that works like a debit card) to purchase healthy food for the summer.

Families with school-age children (Pre-K through 12th Grade) qualifying for free or reduced school meals will receive approximately \$30 of free food per child per month for the three summer months. For example, a family with three school-age children would receive an EBT card providing approximately \$90 in free food per month for each of the three months that school is out (approximately \$270 for the summer).

If your child qualifies for free and reduced meals at school, complete the form on the back of this page and return it to your school by May 1, 2016. Please complete one form listing all school-age children in your family clearly and completely.
